COLDBUSTER UNDER CARPET HEATERS

Adding warmth and comfort to any room of the home or office has never been easier. The Coldbuster under carpet floor heating mat is like an electric blanket for under your fitted carpet.

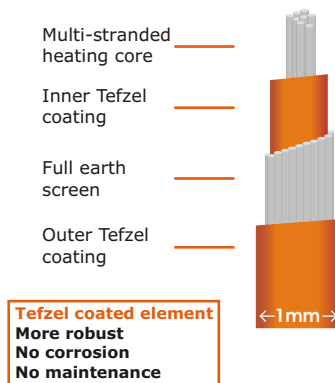

Installation is easy. No special tools are required, simply fix the heating mat to the carpet underlay, connect the heater to the thermostat control and switch the power on.

The Coldbuster under carpet floor heating mat is safe. The heating element is waterproof, fully earthed and connected to a RCD circuit you are fully protected from shock hazards.
